

2026 Senior Picture Information for Yearbook

Hopefully you and your child have made the arrangements for senior portraits to be taken. In order to make that happen as smoothly as possible, we have provided all necessary information regarding senior pictures.

You can have your senior picture photography done at any studio. However, with the influx of digital photography and amateur photographers, we are getting some disproportionate and discolored senior photos that do not reproduce well in the yearbook. **Just because someone owns a digital camera does not mean they take quality senior photos.** Please make sure you have your picture done by a reputable professional. Local photographers who support the yearbook by purchasing advertising are:

Frazzinni Photography, Brian Blostica Photography, Carrie Montrose Photography, Studio M Portraits, Ignited Photography, Kayla's Shots by Design, Patterson Photography, Melinda Hope Photography, Deborah Utter Photography, Laura Finley Photography, Mirage Photography, and SBS Photography.

Please look in the advertising section of this year's or past yearbooks for contact information. There are other professional photographers in the area as well, and pricing can be obtained from them.

*NOTE: ALL Seniors do sign off on their senior picture and senior quote, if there is a mistake, it is on the SENIOR!

Here are the specifications photographers need:

Color: Color or Black and White

Props/Hands: Acceptable in photos

Background: Any

Digital File Format: minimum of 300dpi, JPEG or TIFF

Head Size: 1-1 ½ inch from top of hair to chin

Overall Photo Size: 4 x 4 Or 4x5 inches

Sample size and shape picture for the yearbook.

Photographers should submit digital photos through email (preferred) at: FHSyearbook@fowlervilleschools.org or via photo CD or flash drive. If the picture is emailed, a return email confirmation will come back within 48-72 hours, once school resumes in September. If you do not receive an email, the picture did not go through.

ALL SENIOR portraits are due by Friday, JANUARY 9, 2026

For the class composite, if your child **DOES NOT** send in a head and shoulder shot for the yearbook, please send in one labeled COMPOSITE to be used. (The class composite is the pictures you see in the hallways of the graduating seniors from year to year). These are traditional head and shoulder portraits.

If you plan on having your child use their school picture for the yearbook photo, please fill out the following info below and return it to the office by January 9, 2026, or email the yearbook staff.

Student Name: _____

_____ (Check) My child will use his Senior School ID for their yearbook picture and WILL NOT be turning in a separate senior picture.
